This is a design-build project with roadway pavement, retaining wall, drainage, and other related highway work. Please contact Celeste Sawinski at Kiewit for project information and approximate quantities.

Services and supplies being solicited will include: aggregate, asphalt grinding/paving, boring and jacking, clearing/grubbing, drainage pipe, erosion and sediment control, guardrail construction, hauling (trucking), landscaping, pavement striping, precast concrete products, ready-mix concrete, retaining walls, security guards, temporary barriers, and traffic control.

In order to assist certified Disadvantaged Business Enterprise Contractors and Suppliers, we will divide items of work into smaller tasks or quantities and establish delivery and construction schedules which will permit maximum participation of disadvantaged businesses where feasible.

All subcontractors and material suppliers are required to execute our standard "Subcontract Agreement" or "Material Contract". We require 100% Performance and Payment, or Supply Bonds. If you have questions regarding these contract agreements, please contact us for a copy.

We are an Equal Opportunity Employer
